St Joseph's Catholic Primary Academy

P.E. and Sport Premium Funding Report – Summer 2022

Sports Premium funding is government funding to help support and improve the quality and range of physical education (PE), sport provision and pupil engagement in sport in school.

How will the sports premium be spent and who will benefit?

At St Joseph's we believe that the money should be used so that:

- All children benefit regardless of sporting ability
- That children (and parents) are encouraged to make informed and healthier lifestyle choices
- That all staff have access to training opportunities and continued professional development
- That children increase their participation in the frequency and range of sports covered
- That sport contributes to their overall achievement and their greater social, spiritual, moral and cultural skills

Accountability/Impact

Schools are held to account over how they spend the Primary Sports Premium and in doing so governors and school leadership will consider if the additional funding is having a positive impact on children's healthy lifestyles and/or improving PE and sport provision:

- Through improved teaching and learning of PE/sport through lesson observation and monitoring
- Through high quality inclusive PE curriculum provision
- Through increased uptake/provision in lunch and after school clubs
- Through school participation and partnership with other schools in inter school events and competitive sports
- Through greater pupil participation in PE and sport related activities (in and out of school)
- Through improved pupil recognition of healthier lifestyle choices - pupil voice activities
- Through wider pupil participation in alternative sporting activities
- Through increased pupil participation in active lifestyles (playground games/activities) at break and lunchtimes
- Through the celebration of sport and active and healthy lifestyles

The following PE and/or sport provision was available at St Joseph's 2021-2022:

- PE and sport curriculum lessons (all classes)
- Weekly swimming lessons (Y4 and Y5)
- Young KS2 Sports Leaders "lunchtime activities/club" for (KS1) children
- After school clubs for most year groups (Y1-Y6)
- After school gymnastics (Y1-Y6)
- After school football (Y1-Y6)

- Inter school competitions (basketball/athletics/netball/cricket/cross country)
- Bike Ability sessions (Y5)
- Swimming returned for Year 4.

Activity and Provider	**Estimated Cost**	**Evaluation – to be carried out in July 2022**
Street Dance – three lunchtime sessions per week for Years One to 6.	£2895	Children who take part in Street really enjoy it. Next steps would be to encourage other children to attend who haven't before.
Two lunchtime and two after school sports clubs (provided by Yorkshire Sport and 5 Sport). These clubs change each term. Examples of the clubs provided are football for girls, KS1 and LKS2, Multi-sports for KS1 and basketball.	£6159	The clubs provided a change in activities each term which is great as it gives children the choice to attend sports clubs they are interested in. Many children attended these clubs. Next steps for 2022-2023 will be to target the children who don't attend any of these clubs.
Sports Coaches to work with staff during PE curriculum time	£7300	After discussions with some staff they said that they benefit from working alongside the Sports Coaches and it has given them more confidence when teaching PE.
Lunchtime Playworker to work two lunchtimes per week to support structured sports and games on the playground	£3200	Lunchtime playworkers worked really well engaging most children to be active in the playground. On observation the children really enjoyed having the Playworkers during lunchtime. Lunchtime staff also got CPD training in February

		2022. Y5 play leaders also help out with KS1 activities during lunchtime.
Total Expenditure (based on estimated funding)	£19554	

For the academic year September 2022 to July 2023 the school will receive £19,530 in Sport Premium Funding.

We must use the funding to make additional and sustainable improvements to the quality of Physical Education, Sport and Physical Activity (PESPA) on offer to pupils.

This means we will use the premium to:

1. To develop or add to the PESPA already in place in school (referring to the aims below)

2. To make improvements now for future pupils

The 5 key indicators where improvements should be seen are:

1. The engagement of all pupils in regular physical activity, aiming for 30 minutes a day within school time.

2. The profile of PE and sport is raised across the school as a tool for whole school improvement.

3. Increased confidence, knowledge and skills of all staff in teaching PE and sport. 4. Broader experience of a range of sports and activities offered to all pupils.

5. Increased participation in competitive sport.

The National Curriculum aims are for all children:

To be physically active, working towards a target of 30 minutes activity during and after the school day (excluding general play times)

To excel in a broad range of activities

To engage in competition

To lead healthy lifestyles

Sports Premium Plans 2022-2023

The focus of this year's funding will be the provision of additional opportunities for the children before, during and after school. In addition to this, we are purchasing the time of sports coaches to provide CPD

for the staff to enable them to deliver high-quality PE. This is done by the teachers observing the coaches, working with them and then delivering the lessons themselves.

We aim to do meet the curriculum expectations with the help of the Sport Premium Funding by providing:

A more inclusive curriculum

A growth in traditional and alternative sports

Improvements in our partnership work with other schools

Creating links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills.

Aims for 2022-2023

1. To continue to provide all Sports Premium clubs free-of-charge to every pupil
2. To raise achievement in Physical Education through staff working with qualified coaches
3. Further increase the number of children participating in at least one sport.
4. Increase by 25%, the number of children participating in at least two sports.
5. To provide more opportunities for the children to do structured sports and games on the playground at lunchtime.
6. To ensure there is enough PE equipment for lessons
7. To introduce new PE planning
8. To ensure all staff feel confident in teaching PE
9. For all children to have 2 hours of PE a week
10. To continue sports competitions with other schools through Pennine Sports

Activity and Provider	Implementation	Estimated Cost	Evaluation – to be carried out in July 2023
Key indicator 1: The engagement of all pupils in regular physical activity Street Dance – three lunchtime sessions per week for Years One to 6.	Dance specialists deliver high quality dance lessons to our children	£2895	
Key indicator 2: The profile of PESSPA being raised across the school as a tool for whole school improvement Children have access to high quality lessons through a planned scheme of work which includes mental health awareness through GetSet4Life	Purchase GetSet4PE scheme of work which includes GetSet4Life.	£550	
Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport Sports Coaches to work with staff during PE curriculum time	Engagement of a PE specialist	£7300	

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils Two lunchtime and two after school sports clubs (provided by Yorkshire Sport and 5 Sport). These clubs change each term. Examples of the clubs provided are football for girls, KS1 and LKS2, Multisports for KS1 and basketball.	Facilitating a wide range of sports and activities, leading to increased activity levels and experience and competency in a variety of physical activities.	£6159	
Lunchtime Playworker to work two lunchtimes per week to support structured sports and games on the playground	Lunch time playworkers will extend the activities offered to our children	£3200	
Key indicator 5: Increased participation in competitive sport Pennine Sports Partnership will help to increase the amount of competitive sport.	Work alongside School Sport Co-ordinator to get children involved in competitions with other schools		
Total Expenditure (based on estimated funding)		£19554
